

# THE LANNY PARKER FUND

Dear Friend,

On June 6, 2004, James Warren "Lanny" Parker died. With his passing, the physician assistant profession lost a valued leader and national expert on Medicare and reimbursement issues. Lanny was not only my colleague, but also a dear friend and mentor who taught me the importance of learning about the legislative process and educating others to ensure PA reimbursement within the clinical arena.

For those reasons, the Lanny Parker Fund was recently established through the North Carolina Academy of Physician Assistants Endowment, to create, in perpetuity, the ability to continually educate both rising PA students as well as practicing PAs on the ever-changing issues of Medicare and practice reimbursement. I hope you will join me in supporting this most worthy cause and continuing Lanny's tradition of educating our peers for the betterment of our profession.

Sincerely,

Lisa Shock, MHS, PA-C  
NCAPA Past President (2005)

## THE LANNY PARKER FUND

The Lanny Parker Fund was created as a permanent fund of the North Carolina Academy of Physician Assistants Endowment. The Fund supports PA educational initiatives in the fields of Medicare and Practice Reimbursement.

**Your contribution to the Lanny Parker Fund is fully tax-deductible.**

Established in 1992, the NCAPA Endowment is the philanthropic arm of the North Carolina Academy of Physician Assistants. The mission of the NCAPA Endowment is to promote the future of the PA profession in North Carolina by granting educational scholarships and supporting philanthropic and research activities. The NCAPA Endowment seeks to advance the goal of improving health care in North Carolina.
