

***Established in 1992 as the philanthropic arm of the North Carolina Academy of Physician Assistants, the NCAPA Endowment mission is to promote the future of the physician assistant profession in North Carolina by granting educational scholarships and supporting philanthropic and research activities.***

To accomplish this mission, the NCAPA Endowment (a) provides scholarship support for second-year students attending North Carolina's Physician Assistant Programs; (b) provides financial support for charitable institutions selected by the corporation; (c) provides financial support to members of the North Carolina Academy of Physician Assistants participating in recovery programs; and (d) provides financial support for PA participation in community service or research activities.

An important element of the NCAPA Endowment's mission is to encourage philanthropy by physician assistants, their employers, foundations, the corporate community, and the general public. Through its activities, the NCAPA Endowment seeks to advance the ultimate goal of improving health care in North Carolina.

**The NCAPA Endowment is a 501(c)(3) nonprofit organization and donations are tax deductible.**
